3/24/79

Dear Mr. Sauer,

I'm getting too old. I'm not well and there is much work I'm into that I want to complete to the degree possible.

I hope you will understand that this does not give me time for personal interviews.

To the degree possible I have put what I can say in my seven books.

We keep a list of those who have expressed any interest.

When I can bring another book out we'll let you know.

Sincerely,
